Health and safety readiness in the age of coronavirus

CASINO AND GAMING SAFETY FROM THE OUTSIDE IN

The human desire to connect is very real. For many, visiting a casino is a way to gather with other people and share a common experience.

The CDC and public health officials have provided new guidelines to ensure the safety of guests and employees in gaming environments. Detailed plans have been outlined to keep guests, employees and the community safe. Each “zone” will have its own customized set of disinfection procedures with public health being the number one priority.

Once Inside

Cleaning procedures and social distancing guidelines can be clearly communicated while maintaining an engaging guest experience.

- ① **Banner Stands**
Banner stands can be placed throughout the facility to provide important reminders regarding social distancing, handwashing and more.
- ② **Floor Decals**
Continuing the floor decals inside alleviates crowding and maintains a smooth, one-way traffic flow. They are especially effective for guiding people to banquet rooms, music venues and elevator banks.
- ③ **Seat and Machine Decals**
A simple note politely informs guests which machines, chairs and gaming tables are closed to allow for cleaning and social distancing.
- ④ **Wall and Window Decals**
Easy-on, easy-off decals can be applied to nearly any flat surface – including restroom mirrors.
- ⑤ **A-Frame Signs**
Easily moved at a moment's notice, A-frame signs are a fast way to indicate which gaming tables and machines are closed for cleaning.
